- B. Harmony
- C. Rhythm
- D. Unity

_____ 3. What color scheme is illustrated in image 3?

- A. Psychedelic
- B. Monochromatic
- C. Complementary
- D. Triadic

_____ 4. What color scheme is illustrated in image 4?

- A. Analogous
- B. Complementary
- C. Triadic
- D. Victorian

_____ 5. What color scheme is illustrated in image 5?

- A. Tetradic
- B. Analogous
- C. Achromatic
- D. Complementary

_____ 6. This type of color scheme usually produces one cool and one warm color, which creates vivid contrast.

- A. Monochromatic
- B. Complementary
- C. Split complementary
- D. Analogous

____7. This type of color scheme, which incorporates between three and five adjacent hues, allows a designer to vary color while still maintaining a recognizable relationship.

- A. Triadic
- B. Analogous
- C. Double complementary
- D. Split complementary

____8. What color scheme is illustrated in image 6?

- A. Double complementary
- B. Split complementary
- C. Tetradic
- D. Analogous

____9. What color scheme is illustrated in image 7?

- A. Complementary
- B. Warm
- C. Analogous
- D. Triadic

____10. Four equally spaced colors on the color wheel create what type of harmony?

- A. Double complementary
- B. Analogous
- C. Monochromatic
- D. Tetradic

____11. Which type of color scheme is entirely dependent on the proportions of the colors to achieve the right harmony?

- A. Complementary
- B. Split complementary
- C. Analogous
- D. Multi-hue

____12. What color scheme is illustrated in image 8?

- A. Monochromatic
- B. Chromatic
- C. Analogous
- D. Achromatic

____12. What color scheme is illustrated in image 9?

- A. Complementary
- B. Split complementary
- C. Analogous
- D. Monochromatic

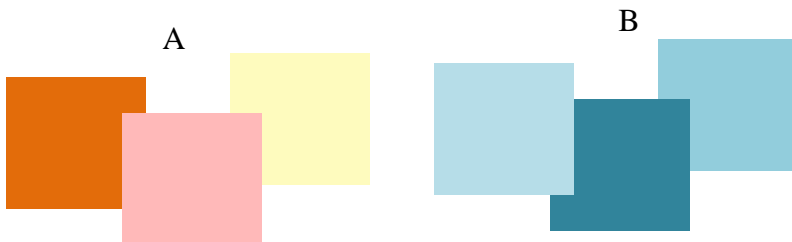

____13. Color harmonies can be affected by the phenomenon where a color will alter when viewed on a different background. What is this called?

- A. Discord
- B. Low chroma
- C. Receding color
- D. Simultaneous contrast

____14. List the Principles of Design below.

____15. Which group of colors is more HARMONIOUS? A or B. Why?

____16. Which group of colors is more UNIFIED? A or B. Why?
