

# El Cafecito, Fall 2022

Space Planning DES 283, Presentation Skills DES 289, CAD I DES 285

Instructed by: Prof. Meirav Goldhour, Bill Barrick & Adam Flynn  
| Jessie Arce

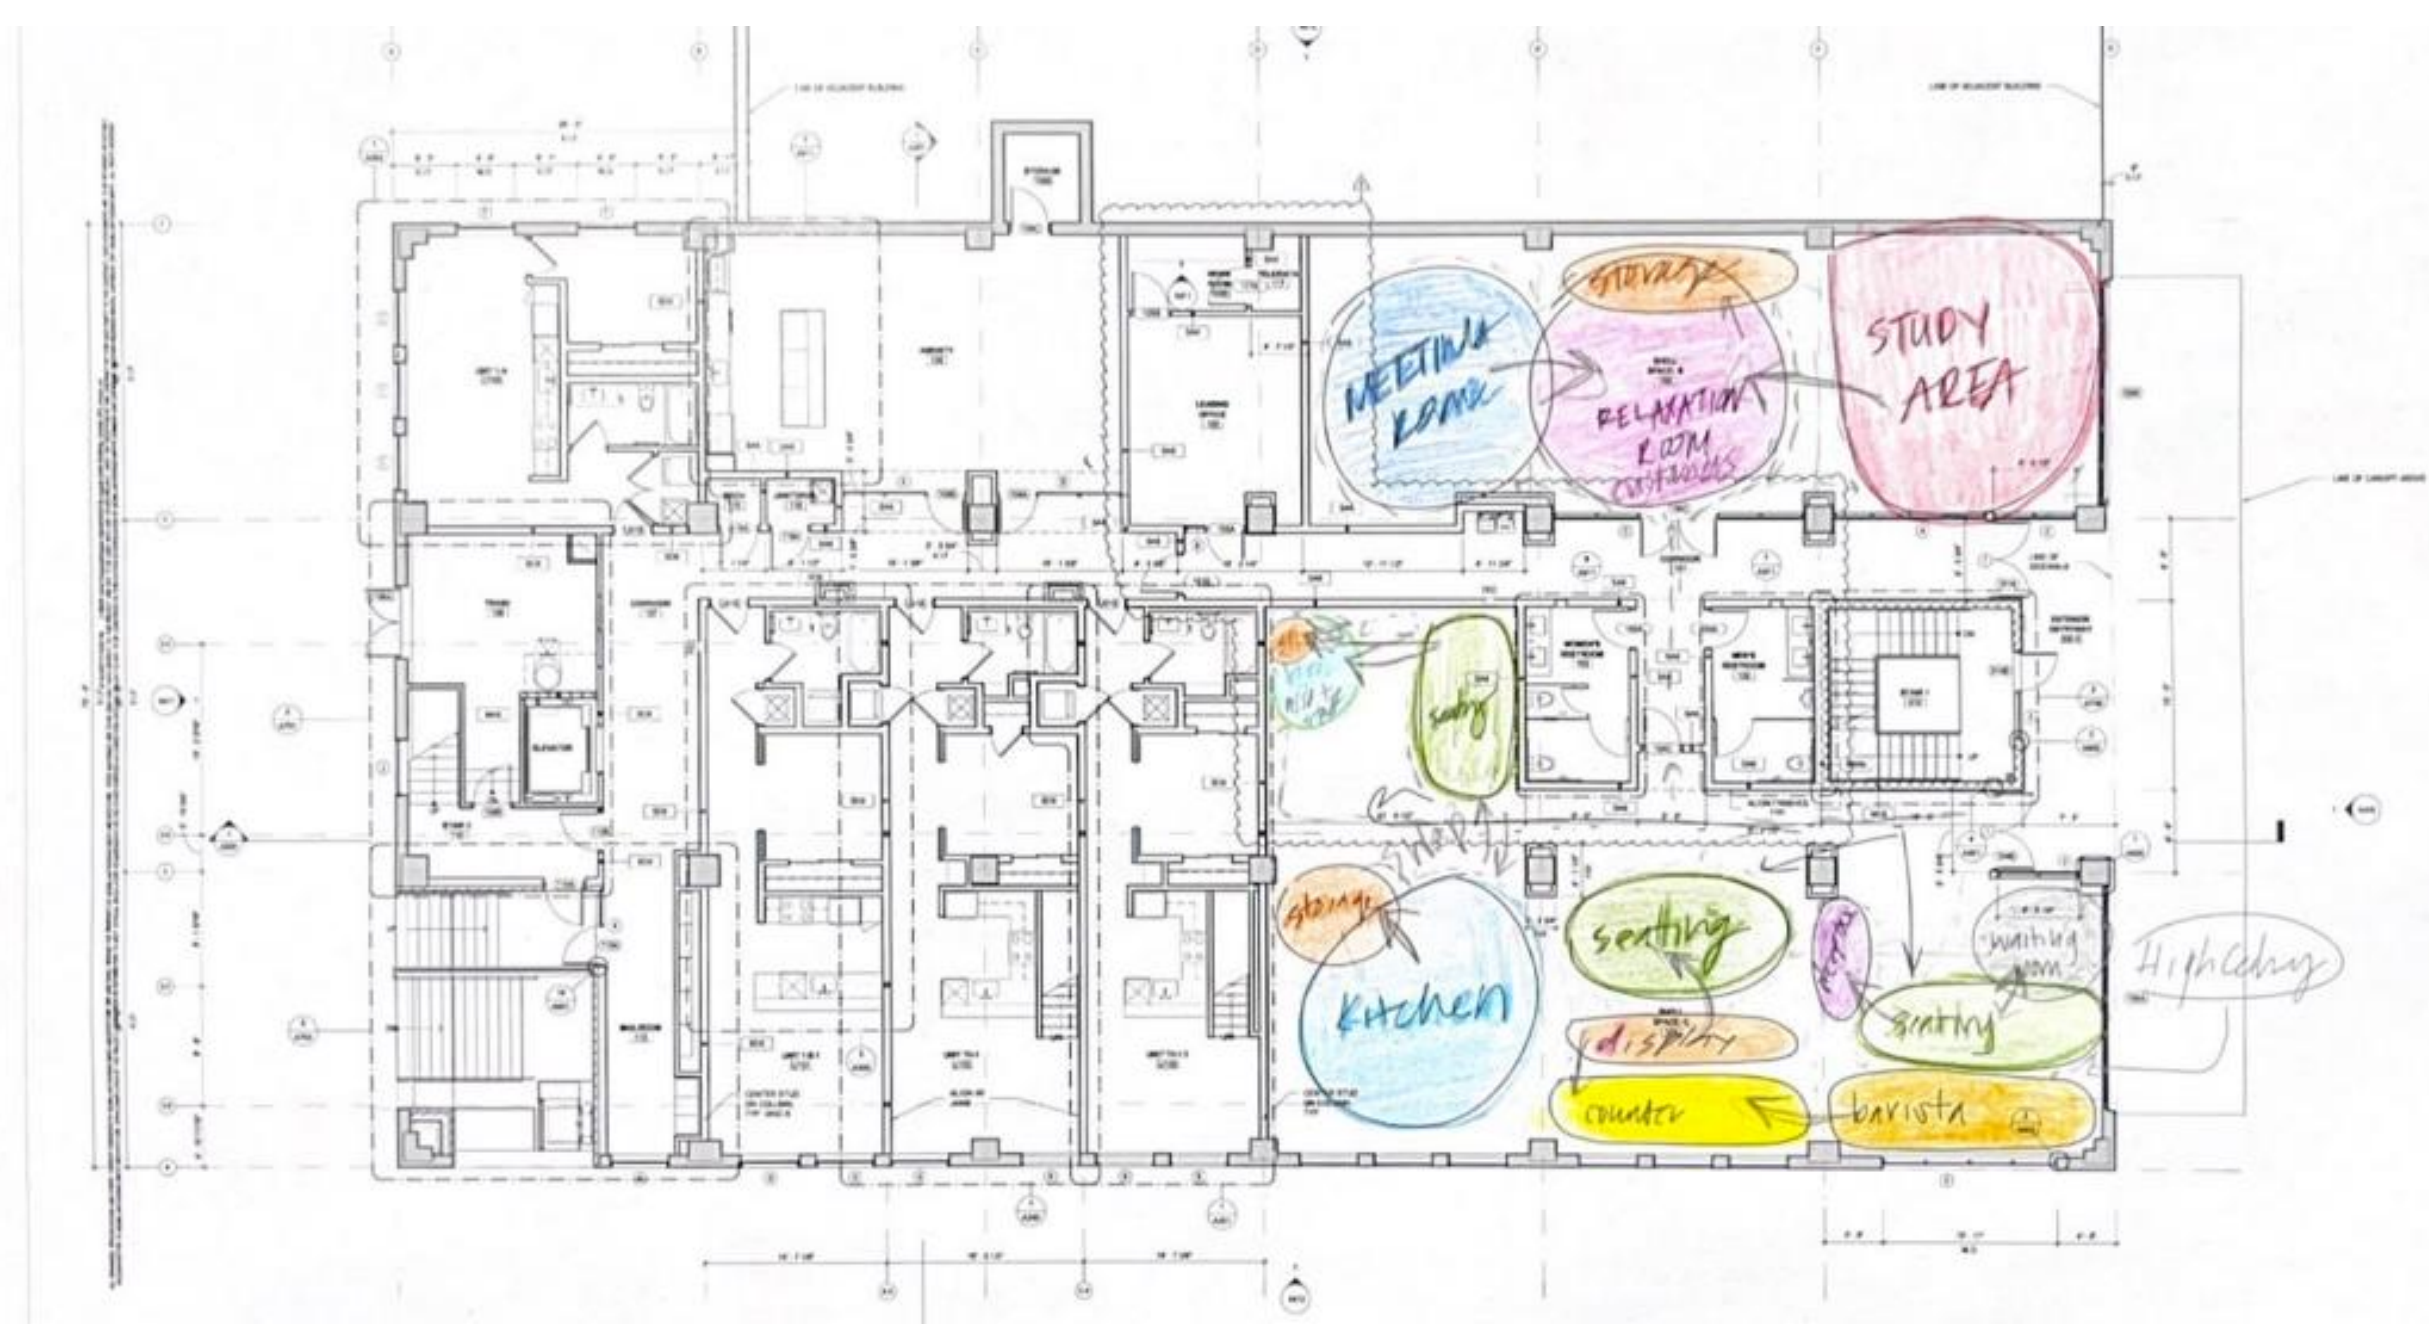

## CONCEPT STATEMENT

The Hacienda Style has a Spanish influence and a long history in both Spain and Mexico. The prominent features are the terracotta roofing, white stucco walls, exposed wooden beams, arches, and wood accents. The space will consist of warm colors, earthy wood accents, and natural lighting creating happiness and comfort. There is a variety of seating that covers both formal and informal settings demonstrated by the arrangement, relaxation room, study area, and meeting area. The vision for this coffee shop is to create an inviting atmosphere where people feel energized in a way that is calming while maintaining a work-friendly environment.
