

story by Kailee Huggins

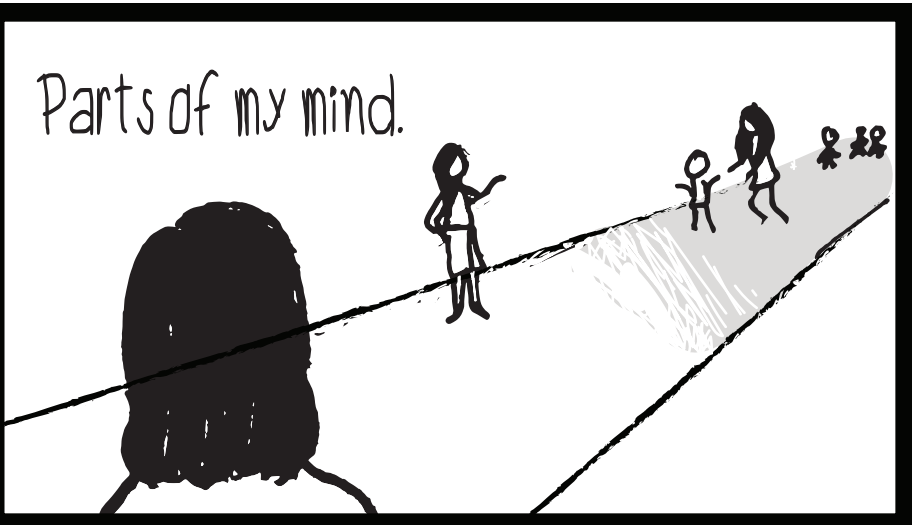

WELCOME TO MY MIND.

Here, you'll find
all of my various,

unique parts.

Parts of my mind.

An ill mind. I guess you could say.

Some parts are kind.

wanting to help in
my journey to
recovery.

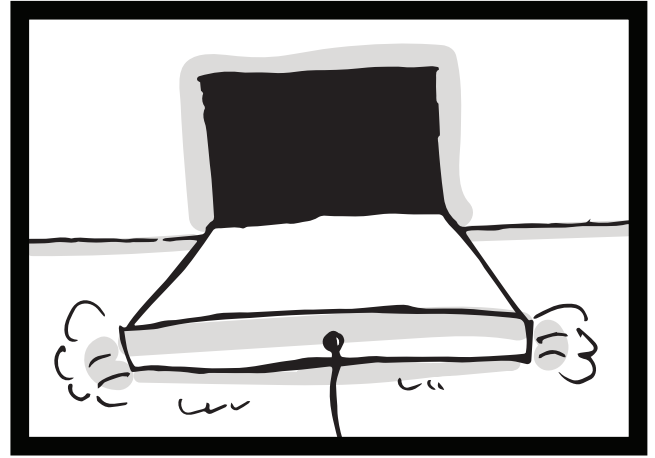

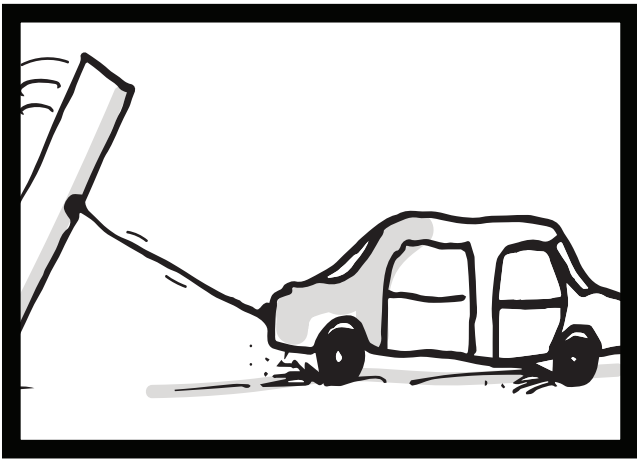

Some are more difficult than others.

but there's progress.

the darker things become.

And the parts I've buried

kept away for so long.
