ART 455: Art Senior Seminar
8/30/2022

Creating a Research Proposal:

1. Working Title: (Write about 10 possible ideas)

1. Analyzing Accessibility of mental health and the role of art therapy in the Hispanic community
2. Art therapy as an active role in the Hispanic community
3. Adaptation and diversity in Art Therapy
4. Social awareness as an Art Therapist
5. The role of Art Therapy in the Hispanic Community to increase accessibility of Mental Health Services
6. .
7. .
8. .
9. .
10. .

2. Background of the inquiry:

The subject is important for the Hispanic community because it can bring new knowledge and opportunities. Furthermore, people within Art Therapy can be more conscious about the need and may start implementing solutions. It can be a reality check.

3. Aims of the inquiry: (What answers are you looking for?)

Create conscience and encourage to fulfill the mental health needs of a minority like Hispanics and the population in general.

4. Write 3 Possible Research Questions:

Student #1
ART 455: Art Senior Seminar
8/30/2022

1. Could art therapy increase accessibility of mental health services in the hispanic community?
2. Does Art Therapy have an active role in the Hispanic community?
3. How can Art Therapy help in the adaptation process of the Hispanic population when arriving in the United States?
5. Conclusions: (Reword Aims of Inquiry section, and any additional thoughts and articulate what are you going to do with this information.)
