CODES AND MATERIALS

Junior Year| Codes and Materials | Fall 2022

COFFEE SHOP

Concept Statement:

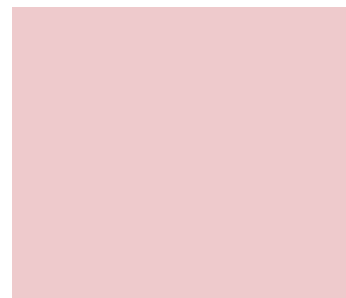

- For this project we were using a floor plan to pick materials, paints, and fabrics for the space.
- The design is light, airy, and beach focused
- This board also features an elevation of the accent wall with palm wallpaper
- The color scheme is pink and green vibrant feel
- The design process included ordering fabrics and finishes

Programs used:

- Photoshop
- Revit
- CAD

WATERCOLOR

Junior Year | Study Travel Architecture Watercolor | January 2023

WATERCOLOR

Travel Study

In January of 2023, I got the opportunity to study abroad in Italy. We visited Rome, Florence, and Siena. When returning to campus we spend a couple of weeks on watercolor paintings from the photographs we took.

Type of Medium used:

- Watercolor
- Marker
- Pen
- Ink

Siena, Italy

This is a painting inspired by a photograph in Siena, Italy. This is the exterior of someone's home portraying their window and door.

Siena, Italy

This painting was more of an abstract approach that portrays the feel of Italy. With the rustic brick, vegetation, and Vespa.

WATERCOLOR

"Tour of Italy"

This was our final painting where I took 5 images and put them together aesthetically to make one watercolor collage. This is called "All of Italy" because there are many elements such as the cobblestone, plants, mountains, and buildings that make the feel of Italy as a whole.

Pictures from: Siena, Tuscany, and Rome, Italy

HAND RENDERINGS

Sophomore Fall | Presentation Skills

HAND RENDERINGS - MARKER

Design Concept:

The concept of these renderings was to build skills in doing things hands-on. These projects helped prepare me for hand-rendering floor plans, elevations, etc.

Block Planters

- This project was to learn perspective and hand rendering

Desk Rendering

- This project was to learn the use of markers and hand renderings

Office Floor Plan

- In This project we picked three shapes to combine. I used a square, triangle, and circle to make an office space floor plan.

THANK YOU
